

## Aperitivo e Antipasti to Enjoy with Dialects and Cuisine Experience

It's not quite summer - but we are close, one of my favorite summertime cocktails is an **Aperol Spritz**! It's lovely to look at and enjoy! If you like a slightly bitter, not sweet cocktail! Here are the ingredients:

3 parts Prosecco  
2 parts Aperol  
1 part club soda  
Slice of orange

Fill a glass with ice, squeeze a few drops of fresh orange juice from the orange directly into the glass. Add prosecco, Aperol and club soda.

Garnish with slice of orange - Enjoy

Otherwise fill a glass with your favorite wine and enjoy!

A typical antipasto in Italy is a platter of cold cuts and cheeses, called **Tagliere** in Italian. Assemble your favorite things and enjoy!
